

## Municipal Operations Due to COVID-19 - Updated 6-05-20

The Township office is open with limited in-person contact for essential business services only (for example, picking up an approved permit). Masks are required to enter the building.

While we move toward a full reopening with a new normal, staff remain available to assist residents via phone, email and the website. If you need to meet in-person with the zoning officer or staff, please call to schedule an appointment.

Non-essential business services:

Documents may be dropped off either through the mail slot at the front door or placed on the lower level shelf of the service table in the municipal office foyer area.

Building permit applications and other important forms are available for download on the township website click [HERE](#) and are available in the self-service area in the municipal office foyer.

Street light payments may be dropped off through the mail slot at the front door or placed in the drop-box in the municipal office foyer. No in-person payments will be accepted. Cash will NOT be accepted for the safety of the staff. If you would like a receipt mailed/mailed to you, please indicate your request with your payment.

If you have any questions or need to speak with an office employee, we are available during normal business hours by calling 610-252-5074.
